America's Most Dangerous Freedom Threat, Morris Dees

By: Patrick Dublin

Morris Dees, chief trial counsel for the Southern Poverty Law Center, appears willing to circumvent the Constitution at all costs. The S.P.L.C., which is an information and database collection agency on

Patriots, Militias and Christian Unity groups throughout America, recently met with Attorney General Janet (Murderer) Reno to deliver S.P.C.L.'s database files and ask Reno to establish a joint federal and state task force on domestic terrorism, ie: Patriots, Militias etc.

Dees, who has orchestrated a long legal vendetta costing tens of thousands of dollars to Spotlight, an alternative Washington based newspaper, uses the high legal costs associated with civil suits as his weapons. Targets high on the Dees hit-

list now include Patriotic groups, especially Militias.

Dees, who has obviously never read the Declaration of Independence, Constitution, Articles or Amendments, was quoted as saying, '*We (the government) can enforce and strengthen the laws against unauthorized militias, the private armies that often serve as a springboard for terrorist activity.*' The S.P.C.L. regards any American citizen who *dis-agrees* with his, or the government's views and policies as radical, hate-minded Patriotic

Militia terrorist.(His words)

It is noteworthy to mention part of Dees's plan to foil domestic terrorism consists of the government developing a system for gathering and sharing intelligence about the treat of anti-government extremists. We wonder if Mr. Dees had in mind the government utilizing the S.P.C.L.'s already extensive database. Smells like a self-propagated interest at work here.

Dees, in his unabashed attempt at ignoring Constitutional law, lambasted Tim McVeigh for belonging to "a large, loose-knit network of

anti-government extremists who call themselves Patriots, yet encourage domestic terrorism." After years of harassing "alternative press" publications, it's clear who Dees's next targets will be.

According to Dees, the bible of the Patriotic movement in America is *The Turner Diaries*, written by Dr.

William Pierce, director of *The National Alliance*, based in W. Virginia. We at Colony News don't know where Mr. Dees gets his information from; but the bible we read, and most often hear about from Patriots is *THE BIBLE*. So much for this atheistic, Christian-hating Constitution destroyer of American liberties. While we are at it, we have just been dying to rename the S.P.C.L what is really is: The S.P.C.A, but not to freedom loving American people.

Libertarians Worried About Money Recall

By: Richard Struthers

The Libertarian Party's leading advocate for over twenty years, recently devoted his entire three hour radio program to Federal Reserve monetary practices, using April 15, to present his forum.

(Continued on page 3)

(Continued from page 2)

Irv Homer, Philadelphia libertarian radio talk-show host for 20 years, unleashed a tirade of criminality against the issuance of *new funny-money* \$ 100 dollar bills. The bills, encrypted with a metallic strip imbedded on the right hand side, are causing abnormal consternation among Americans interested in privacy issues.

Mr. Homer pointed out the Feds policy is to next issue \$50 bills, followed by \$20's, 10's, \$5's and finally singles. This *new-money creation* should be completed by the federal reserve in about two years.

The Libertarian spokesman suggested he was privy to unannounced Fed policy scripts that have already fundamentally approved a course of action whereas the American public would be *required to exchange* their current paper denominational money for *new money*. The Federal Reserve would enforce the recall by requiring banks to accept only new money, thereby making current money worthless.

Recent historical economic events in Russia produces the results of such policy. Within a day's time, the Russian people saw their currency, assets and net worth evaporate considerably. This is caused by a *Federal devaluation of currency's worth*. The logic behind this move is all too clear, devaluation of current currency would add literally billions of dollars to the Feds treasury, and billions of dollars lost by the American public.

Government Could Label Patriots Terrorist's As House Passes Antiterrorism Bill

By: Michael Devlin

On April 18, just hours away from the governments infamous April 19, anniversary celebrating it's reign of terror and armed assault upon U.S. citizens, the House of Representatives, backed by Republican support, passed the United States Antiterrorism Bill. The bill is assured a quick signing into law by the Clinton Administration.

expressed by Colony News, is the provision to bar fund-raising in this country by organizations deemed to be terrorist by the State Department. Under this broad definition, power to determine what organization is, and which one is not a *terrorist organization* lies solely in the discretionary hands of the State Department.

What worries Patriotic groups is the possibility of Clinton winning re-election, with a Democratic House of Representatives, perhaps even the Senate, bestowing unlim-

ited determination powers to

The chief concern, ex-

(Continued on page 4)

(Continued from page 3)

pronounced anti-Patriotic and Militia organization.

Consider the possibility of a Janet (murderer) Reno, advising Clinton's State Department what organization should be placed on the *terrorist group* list. Further consider the possibility the organizations such as Liberty Lobby could be deemed a *terrorist* entity. The bills provisions stipulate any citizen or group donating funds to this group would automatically be guilty of *supporting a terrorist organization*. Theoretically, Colony News for example, which donates to Liberty Lobby's cause, could face prosecution for donating to a *known terrorist group*!

The antiterrorism bill in nothing more than a veiled attempt to *subvert* the Constitution by declaring Freedom-of-Speech Government Protest Groups illegal! This provision is blatantly Un-Constitutional, and the most direct assault on the First Amendment since the words *political correctness* and *hate speech* were coined.

Colony News marvels at the silence on this provision by the *Establishment Press*, for they know it is a *selective* provision which will never apply to them.

Naturally, ultra-liberals such as Democratic Rep. (MI) John Conyers Jr. Assailed the bill as took meek, not giving Federal authorities enough unlimited wiretapping authority. Ultra-liberal (nut-case) Democratic sponsor of the original bill, Rep. Charles Schumer, (NY) also opinionated the same sentiment, decrying the bill's lack of unrestricted wiretapping provisions.

While it appears Democrats are the primary instigators of this bill, it should be pointed out that *188 Republicans* voted for passage. For those in the Patriotic community who still believe Republicans are sympathetic to their views, this bill also passed by a 92 to 7 vote in the Senate. It could not have passed at all without the complicity of Republicans. Colony News re-iterates once again; There is little difference between the Democratic and Republican Parties.

Report On Michigan Militia 5th Division, 14th Brigade

By: Patrick Dublin

Colony News' Editor Patrick Dublin conducted lengthy interviews with the

Michigan Militia, both 14th and 15th Brigades. Mr. Dublin

was granted privileged interviews with State Commander General Lynn Jon Van Huizen and Public Relations Commander Sandy Stob.

The Michigan Militia, one of the most recognized Patriotic Militias existing in America today is the benefit of one of the most organized structures of all Militia's formed and operating in the United States today. Much of the credit for this Military style well-disciplined structuring belongs to it's State Commander, Gen. Lynn Jon Van Huizen, a man of infinite foresight, wisdom and knowledge.

The Michigan Militia is organized into 9 Divisions. The Superior West, Superior East, North West, North East, Central West, Central East, South West, South Central, and South East. All are Regional

Militia units under Gen. Van Huizen's Command.

Public Relations Commander Sandy Stob, whose husband Bill Stob is the Commander of the Central West Michigan Regional Militia, agreed to provide valuable insight into the Michigan Militias position on key topics of concern to Colony News' readers.

Mrs. Stob's position on Militias is interesting. She explained Militias are *providing focus for hope and change* in frustrated Americans, acting as a *barrier* between the corrupt government and those ready and willing to *lock and load*. Other-

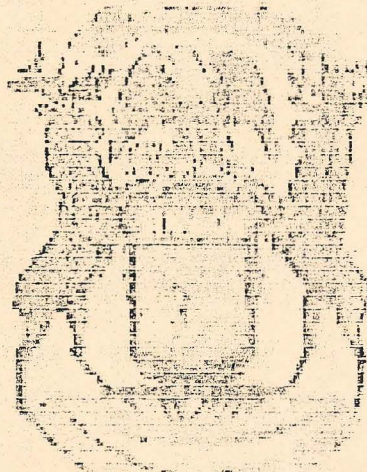

wise, as Mrs. Stob asserts, "Militias are helping to keep a lid on things." Without the orderly progress of Militias, who would take their place to help "keep em down." Mrs.

Stob's position that no one wishes a country with no government, resulting in complete chaos, is well taken. A return to a just, Constitutional government, based on the articles of law, is Michigan Militia's objective.

State Commander Gen.

Van Huizen expressed the Michigan Militias concerns in terms of Constitutional issues, 2nd amendment gun control rights, Rep. Schumers anti-Constitutional anti-terrorist bill, and a desire to see the "Montana Freeman" treated

Central Michigan Regional Militia

justly by the courts. The General mentioned a local Representative, Mr. Fitzgerald, who voted against the NRA regarding 2nd amendment issues is involved, with much Militia support, in a election recall drive. This type of democratic action at the grassroots level is how Militias fulfill their mission and serve their country best.

Since, according to Michigan law, if you are between 17 and 60, you are automatically

a member of the Militia, Mrs. Stob's contention the Militia's purpose is defense of neighbors, state and country has absolute legal merit.

General Van Huizen also expressed concern over anti-

Patriotic organizations such as the ADL and Southern Poverty Law Center, which utilize the establishment press to "demonize" Patriots. Recently, Morris Dees, Director of the Southern Poverty Law Center turned over to Attorney General (Waco Murderer) Janet Reno his organizations extensive database collected on Patriotic and Militia organizations. The General, who is ably served by his Executive Officer, Tom Wayne, and Brigade Commander Greg Wood, among many others, is correct to be concerned.

On the question of the *Montana Freeman* standoff, the Michigan Militias viewpoint is that they largely disagree with the "Freemen's" methods, and generally agree they should be lawfully prosecuted for any crimes they have committed-if they committed any-but clarify their stance as opposing "*selective prosecu-*

(Continued on page 7)

(Continued from page 6)

tion" They agree with the *Freemen's* position of making a "mockery" of the nations Federal Reserve and banking systems, daring the Fed. Government just to make their point. As Mrs. Stob pointed out, We The People have been cast under an economic slavery system since the Leninist Roosevelt disregarded the Constitutional insistence on the United States Government coining and regulating it's own currency, in favor of The Federal System.

Regarding the apprehension of the suspected *Unabomber*, the Michigan Militia wonders, as we all do, about the "timing" of the arrest. Mrs. Stob also confirmed her *suspicions* (as does Colony News) in the *evidence* found and the three weeks it has taken FBI agents to search (*plant?*) a 10x12 foot room. As Mrs. Stob points out "it's just that you can't believe *anything* these government agents say or do. You just can't *trust* them.

The Michigan Militias outlook on this years Presidential election is best summed up in their perspective "Their is just no Statesmen any longer, only politicians." Although this large Militia membership is free to vote their conscience,

many members favor Pat Buchanan, who is deemed *closer* to the people.

Some other important concerns for this Militia are The Emergency War Powers Act, which was declared by state governors and eliminated states rights, turning over control to the federal government.

This was another act of the country's most revered Leninist, FDR. Mrs. Stob informs Colony's readers in a 1938 Supreme Court case, *Erie vs Tomkins*, Article 3 was eliminated, thereby establishing Administrative Courts, utilizing Administrative Law, leaving the people with no court of their own.

The Michigan Militia emphasizes they have no agenda to 'overthrow' the government, but wish to return it to lawful bound, that is live within the contract the Founding Fathers made with We The People-The Constitution..

April 19 Causes Mayhem Amid Federal Workers Law Enforcement

The good news for a concerned government on the anniversary of Waco, Oklahoma City and Ruby Ridge, was no

bombs exploded on government property. The bad news was over 50 bomb-threats were reported, and law enforcement agencies assigned to protecting federal installations were besieged by *reports* of *suspicious* looking bags, people etc.

Tens of thousands of federal workers took a vacation day off, and extra police manpower surrounded government buildings. Somehow, it appeared the culmalative effect regarding the *possibility* of a occurrence, was almost equal to the action itself.

Colony News finds it truly amazing this government is so preoccupied with any definitive day of the year, when they consciously enact predatory Constitutional abuses on the American Public the remainder of the year. No doubt, it would be asking too much of this government is realize *their own* actions and policies directly led to the *creation* of April 19.

Britain Enacts Loss Of Privacy Bill

By: Michael Devlin

Britain, besieged by 18 years of war with Northern Ireland, enacted an anti-terrorism law in response to repeated retaliation bombings by the Irish Republican Army.

Seizing the Public's fear over IRA counterattacks, Parliament approved sweeping legislation permitting random searches of all citizens, their autos, and homes. The law allows the stopping of any citizen deemed by police to be *suspicious*, and permits instant auto and or personal searches in public.

The people of this Island Nation seemed to take the new privacy intrusions in stride, trading their personal liberties for the purpose of halting further *terrorism* by the IRA. This is the expected attitude of a nation's people who have given up the right to bear arms, and other freedoms Americans would never permit.

Englander's never question the immoral role of the British military occupying half of the independent nation of Ireland. Britain analyses their citizens owning guns to the American Minutemen owning muskets, and they *know* what the result of that intrusive government's actions led to.

So Britain, a mere shell of its former colonists powerful self, resorts to nation ego-building by waging war on the beleaguered nation of Ireland. Is it any wonder bombs explode in London? Instead of making citizen privacy restriction laws, Britain would be well served to make peace with itself, and Ireland.

Watching the newly enacted law and its public reaction is the Clinton administration, and various liberal, anti-gun, anti-terrorist organizations. The utopian world to these disarm America at all cost liberals would be to replicate Britain. Remember, We The People learned, and earned, our lesson from Britain. We are not about to follow their lead now!

What IS Wrong With The Nation Of Israel?

By: Marge Zinther

Why do the Jewish people, and since 1948 the Israeli people,

feel so besieged within the entire world community? The answer may be one of their own undoing.

Since 1948 the Nation of Israel has been almost continuously in a armed civilian war readiness state due to constant conflicts with all it's neighbors. No other nation on earth has so demonstrably aggravated an entire region of neighbor-states as has Israel in the Middle East.

Prior to it's propagandized beseigement from middle eastern peoples, the Central European Nation of Germany was the culprit. Biblical passages are used by Israeli's to point out past persecutions of Jewish people. In present times, the Israeli's not only bemoan peoples of near-by Arab nations, but, half the American population is castigated as being anti-Semitic.

There is something terribly wrong when a nation, and it's peoples, wear the 'holocaust' as a continuing badge of courage. As the little girl in the woods cried 'wolf' so often no one answered, likewise is becoming the Jewish call of 'holocaust.'

If all the Israeli's claims of persecution are true, the ques-

(Continued on page 10)

(Continued from page 9)

tions begs as to why? It's understood Israel is incapable of intro-perspective upon itself. If the majority of your neighbors and work associates do not like you, does it not stand to reason you may be the problem, not them?

In today's youth terms, Israel would be coined as *having an attitude*, a very bad at that. Their *besieged* mentality has created an ugly nation. If they are an example of God's 'chosen people' as they claim, I implore God not to include me as one.

Israel has no concern for human life at all, displayed by their uncaring bomber attacks on women, children, UN outposts and whoever else crosses their bloodthirsty gunner's sights. The very same nation that denounces the genocide of it's people would not hesitate to eliminate the Palestinians as well as other surrounding Arab States.

We surmise the problem with Jewish 'persecution' is brought on by themselves. Israel is a proven arrogant, beligerent, highly armed, nuclear capable tinderbox of a nation state located in a very volatile portion of the world. The American governments position of absolving all Israel's

actions, being however improper and criminal, is hypocritical treasonous foreign policy.

The Mossad, Israel's murderous intelligence agency, is no less than America's former version of the Mafia's Murder Inc. The United States passed laws to oversee and prevent our own CIA from habitually committing acts of wanton murder, yet our same government winks and silently approves Mossad's violent agenda.

The Israeli people, if ever to become accepted members of the world community, need to clean their house before condemning another's. Murder, Arabic genocide and controlling the world's banking and media communities will not ensure a peaceful existence for the Jewish people worldwide.

The Israeli nation is an economic basketcase, reached that way by decades of socialistic policies. The same policies their Jewish brethren wish to impinge on America. This nation supports Israel to the tune of \$5 billion dollars a year in foreign aid, and countless other billions in unannounced aid. Recently American Chief-of-Staff General Shali-whatever squarely look cameras in the eye and informed the Nation 1,000 U.S. soldiers have been

stationed in northern Israel, acting as a buffer, for the past year. We knew this, and yet not one American publicly blinked an eye!

This is not a disparaging commentary on Israel and it's people. It is rather, a plea for Israelis worldwide and in Israel itself, to address others nation's and peoples concerns, to admit a 'Holocaust' policy of statehood is carnivorous to it's own health, and then, just maybe then, will Israelis be looked upon as equal CO-habitors of this planet.

Negotiated Settlement Offers Hope For "Freemen" Stand-off

By: Richard Struthers

Despite inflammatory rhetoric issued by Northern Militia Leader Norm Olson, castigated by more moderate Militia members, hope for a peaceful settlement to the *freemen* standoff may be in the offering.

Many Patriots, recognized for their 'mediation' experience with the government, have offered to intervene in

(Continued on page 11)

(Continued from page 10)

the stalemate. Reports continue to circulate that respected Patriots such as Randy Weaver, Bo Dietz, as well as attorney Jerry Spence, have all approached the FBI for the purpose of eliciting a peaceful end to the crises.

Militia. Northern Michigan Militia leader Norman Olson called for the creation of a *national militia* ready to fight the government.

So far, most State Militias have been 'standing down,' while keeping an wary eye on the situation. The entire Mili-

ist. Then again, what would you expect, after all, that's why you read 'alternative press.'

Much has been written, broadcast and said about this situation. Most Americans, and all Patriots understand the issues raised by the *freemen*.

We at Colony News wish for a bloodless conclusion to this ordeal. We also wish the *freemen* an opportunity to state their beliefs, and case, in a public court, thereby informing all Americans of the issue at hand, the corrupt monetary and justice system prevalent in this country today.

The outlook on the standoff expressed by the Militia movement has been mixed. Montana Militia Founder John Trachmann and Tri-States Militia Colonel John Parsons called for 'reason' and cooler heads to prevail. Central Michigan State Commander General Van Huizen, while expressing 'concern' for the safety of the *freemen*, also hoped arbitration and reasoning would cool the fires in Justus Township.

Don Vos, Brigadier General of the Columbiana County Unorganized Militia of Ohio warned the government any action on their part would result in *defensive action* by the

tia movement does *support* the issues raised by the *freemen*, especially their public demonstration of issuing worthless money, the exact process the Federal Reserve Banks engage in.

There can be no doubt the FBI and other assorted agencies have learned the real lessons of life the hard regarding government protest movements. Missing is the pronounced armed siege mentality displayed in the past. Government rhetoric has been surprised also, despite the fact the 'established press' refers to the *ranch* as a *compound*, and the *freemen* as right-wing extrem-

WHY THE GROWING ANTI- GOVERNMENT UNREST IN AMERICA TODAY

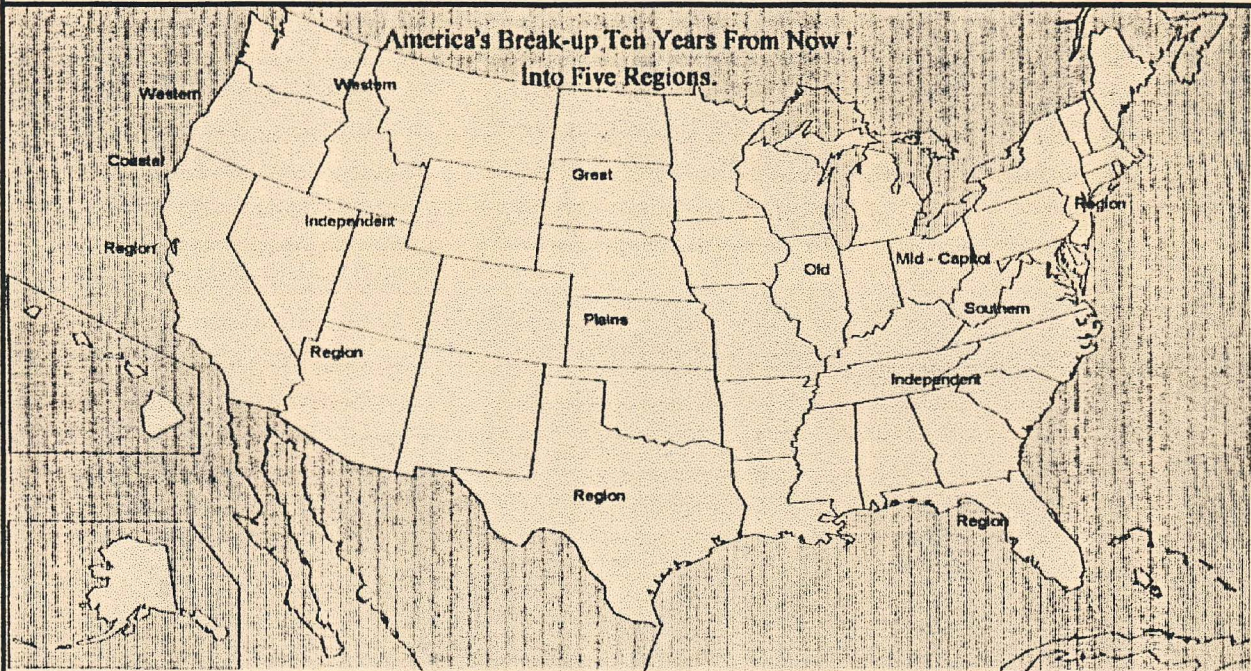

By: Michael Devlin

Anti-Government unrest is the staple of the American diet, dating back to the 1700's. Our Country was *founded* on the principles of Patriotic unrest. The *dissatisfaction* of the 1990's owes its soul to the inherited lifeblood of our Forefathers. America is now what America was then, a passionate assembly of mankind

The difference this time is that this brew has been simmering for decades, and government knows not the answer for generations of Americans invoking the Constitution.

The current unrest has its roots deeply imbedded in the 1960's. American idealism died then with the suspicious and foreign policy of the '90's assassination of JFK. During the previous decades of the 30's, 40's, and 50's, Americans had for the most part *pulled together* while confronting severs economic times, World War, and the hundreds of thousands of young men drafted, was the genesis of all that is America today. Until that time the government had successfully malaise the public into stupor with program built upon program. But times sere economically good, people had jobs and the government had money. "Guns and Butter" was what America was told it could have.

Then, because of the popularity of television, viewers began to notice with interest the increasing number of body bags returning from Vietnam and containing remains of

young Americans boys. Something else began returning in large amounts from Southeast Asia-drugs. The country wondered what had happened to our once proud military establishment.

Wonderment amongst the elder turned to protest among the young.

The generation gap was born in earnest. Older citizens, many of them Veterans did not understand the *un-American* feelings the young were increasingly directing towards the military, and the government. The growing anti-war protest soon developed into *anti-government* protest. Hundreds of thousands of young men and women descended upon Washington almost daily. Civil disobedience became the *standard* for a entire generation of Americans. While the older generation obediently followed their government's words and policies as they had been programmed to do all their lives, the Nation's youth had no such attachment. After all, it was *they* who were dying in droves. Their friends sent away, never to return. Others returning addicted to drugs and suffering from agent orange and Vietnam War syndrome.

The Vietnam War was not the only unrest the government

was subject to at this time. Lenient give-em-anything civil rights policies enacted by Johnson led to black led marches on various city's and cumulated with the destructive urban riots of 1967. City's such as Newark, Detroit and Los Angeles burned. Many died, both black and white. The government had a dual problem of civil disobedience on it's hands. Blacks were marching and rioting for ever more civil rights and predominately whites were causing mayhem throughout America. The government's policies of the '60's had exposed it's greatest secret-those policies were deceitful and corrupt. Worst yet, the government had provoked the people into their history. *The inherited protest and Independence of Patriotism*. This, is how it began!

Despite a decline in visual organized disobedience during the latter '70's and mid 80's, this generation, raised on government mistrust, operated within the system, but always with a wary one-eye on Washington. When the great steel mills closed in the late 70's the older veteran generation took notice, and mistrust of Washington's policies took root in this group. These now ex-steelworkers were predominately white men. During the '80's and '90's up until today

an increasing number of America's businesses closed also, leaving millions of additional workers, both white and blue collar unemployed. Many of the idle workers were the same generation weaned on anti-Vietnam, anti-government civil disobedience protests of the '60's and early '70's. The stage for today's America was being set.

The difference between the generation gap conflicts and protests of the '60's and the '90's is that mistrust of Washington Government has bridged the generations this time. The young generation of today were raised by the protest generation of yesterday. Plus the Nation's economic downturn, caused once again by misguided Washington policy, impacts on *all* generations. Hence, a dynamic anti-government mood of mistrust exists on a broad scale.

Without government institutions to turn to -because of mistrust - millions of Americans turned to their only recourse, each other (Militias), and their inherited protectorate-*The Constitution*. After all, when government policies and conditions became unbearable and unresponsive for our Nation's Founders, did not they, indeed, form Militias

(Continued on page 14)

and *Declare Their Independence?*

Were not disaffected Americans of the 1770's Patriots? Did not the British Government call them terrorists, guilty of sedition and treason? And did not these same Americans prove Washington wrong during the '60's? Today's government divisively labels us *liberals* and *conservatives*. Hell, we are all *liberals* in that we want a good life for every deserving American. We all are *conservatives* in that we do not want government to take our lives away!

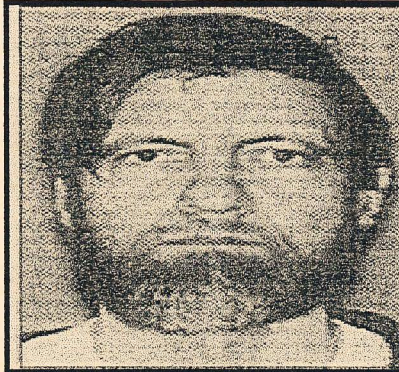

Patriots in the 1770's were once loyal to the British Government. Patriots of the 1990's were also once loyal to the American Government. The British Government deceived and mistreated the colonist as the American Government of today deceives and mistreats it's people. The result of both government is the production of Patriots, and Patriots banding together forming Militias for a common cause.

There is no difference between then and now - and the results may be the same.

vironmental group *Earth First*. We understand 'Earth First' represents 'Humans Last' to this loosely knit organization of tree-hugging wackos.

Ted Kaczynski, staked out, arrested and targeted as the suspected *Unabomber* by the FBI, was denied bail by U.S. District Judge Charles Lovell in Helena, Montana.

After 18 of hapless tracking, with unlimited sophisticated resources their disposal, in the end it was Kaczynski's own brother who repeatedly badgered the Feds to investigate his brothers mountain retreat in the hills of Montana.

Many in the liberal, and environmental movement were keenly disappointed that Kaczynski had no *links* to so-called right wing extremist Patriot groups. Kaczynski's only known association with any *group* was his contact with the liberal extremist ultra-Eco en-

A *very off-the record* source Colony News listened to recently vehemently pronounced that Kaczynski was merely a *root* within the structure of eco-terrorism. And that his *words of direction* were supplied by the remaining members, called branches, and all deriving direction from his description of the leader, referred to as the *tree*.

If this unexpected source is correct, the 18 year search for the FBI profiled *loner* is the most inept, tunnel-vision investigation the Feds can credit themselves with to date. We suspect it took 18 years for the FBI(Framed, Burned and Incinerated) to *solve* this case (the suspects brother handed him over) because, without the use of *entrapment* as it's pro-

ecution tool, the Feds resorted to a an 18 year comic strip investigation resembling the X-Files.

Some worthy note has also been mentioned about the FBI's proclivity for stretching Kaczynski's 10 ft. by 12 ft. cabin into a three week ordeal. The quip being bandied about publicly, even within the establishment media, is "what the Feds don't find there, they will place there." Is there any doubt in anyone's mind the Feds are capable of such actions? If you doubt that, I'm here to tell you Bill Clinton plans to join the Montana Militia upon exiting from office.

COLONY STATE REPORT

Montana Doesn't Deserve Bad Rap

By: Richard Struthers

Recently the State of Montana has endured a myriad of bad publicity, cruel jokes and unjust criticism, mostly because of a few events of notable happenstance.

The recent adverse press has been perpetrated of course by the long standoff between the FBI and the "Montana

Freemen." With little understanding of the local issues at dispute, the nation as a whole, encouraged by the national media, perceives the *Freemen* as a rogue gallery of thugs, misfits and gangsters. What they really are, most fellow countrymen don't comprehend. Actually, the standoff involves very complicated issues which may be above the attention span of the American public.

Adding fuel to the Montana fire is the apprehension of a lone Berkley leftist, Ted Kaczynski, suspected of involvement in the 18 year long *Unabomber* ordeal. Again, the national news media and press has emphasized Mr. Kaczynski's Montana wilder-

ness and anti-establishment habitat.

A recent Rush Limbaugh (and his empty headed followers) radio show broadcast a cruel, mocking parody of Montana men and Women, directly saying in order to move to Montana, Women must first be able to drink

The VOTER'S REVENGE

Our economic growth stopped dead in the 1970s, for the U. S. middle class. *The Voter's Revenge* explains this failure.

"Congratulations on a great piece of work," Stephen Moore, Director of Fiscal Policy Studies, CATO Institute.

"It was a great read," Odell E. Huff, Jr, Director, Institute for Humane Studies, George Mason University.

"... well-researched and addressing a subject about which voters should be aware," Steve Brock, Book Reviews on the Internet.

"A superb analysis of Washington's Alarming Fiscal Crisis. Points the Way for Voters to Put Things Right," Prof. James L. Payne

I traced our economic failure to political "pork". Past economists ignored pork, but I found that its social cost was much greater than the amount of the bribe -- **1,000 times** greater!

I also found that bribery always has victims. Where public spending is involved, the victim is the public -- **YOU!**

from a sough, comparing them with heifers. Limbaugh's show went on to castigate Montana men suggesting they are all *wacko, extremist Patriot kooks*. Course this is nothing new for the fat elitist, He's been terming Patriots *kooks* for years.

Jay Leno, NBC late night show host joined in mocking Montana, comparing Montanians to *strange creatures* stalking the pristine landscape of the West. This prompted an immediate appearance on Leno's show by Montana's Governor to *clarify* and *defend* the *image* of the states fine residents. Although the exchange was conducted in good humor, it should not have been necessary at all!

Montana is a beautiful State, presenting harmony between nature and It's residents. Mountains, plains, God-like blue skies, vast acreage combined with a relatively sparse population are it's attributes. The East Coast based establishment news and press obviously salivates at the opportunity to *deface* what they will never have. Peace, tranquillity and open-space. Envy appears to drive their agenda.

Residents of Montana are a hearty, healthy, care-giving as-

sembly of God-fearing individuals. American Patriotism abounds. Montanians, men and women, are beautiful folks at peace with themselves and their land. The freedom spirit lives on here, its part of the landscape. We at Colony News only wish we were publishing this journal in the beautify environs of Montana. (se next article)

It is patently unfair and downright disgraceful for the national news media to portray a few events into a general castigation of the State of

Montana, it's people and is environment. But then again, would you expect less out of this den of whores?

STATE REPORT II **New Jersey** **Does Deserve The** **Bad Press**

By: Richard Struthers

New Jersey has a slightly different *version* of the second amendment. It's the State is first-and it's citizens are second. Just in case you have not *enjoyed* a visit to this modern day replica of Stalin's Communist Co-op, beware!

Lets take the issue of gun rights-there are none! As of 4 years ago, any state resident possessing any rifle of semi-automatic nature, or capable of holding over 15 rounds, including Marlin and Ruger .22 cal., are considered to be *Felons*. State law allows for unwarranted and unannounced house to house searches to ensure compliance. It is estimated by the state that there are some 200,000 otherwise law abiding, *Felons* housing these terrible .22's, and other such makes. Colony News *knows* from friendly law-enforcement officers that almost *all* local and state police harbor these firearms at home themselves! Under state law, almost the entire police force of NJ are *Felons*! What a state!

Unlike Montana, over-population and pollution abound. Commodity prices and taxes are almost the highest in the nation. The job-related industrial base has vanished due to economic *extremism* by a police-state department of environment. Eco-cops they are called, with their chief agenda being the ruination of private business.

New Jersey's cities, such as Camden, Newark, Patterson, and

yes, even Atlantic City, resemble Beirut. Half torn-down vacant structures predominate the urban landscape. The population, once consisting mainly of Irish and Italian immigrants, is now overwhelmingly Puerto Rican, Haitian, Jamaican and black. Many of the schools are over 70 years old and the major topics taught are multi-culturalism, afro-eccentricity, and free breakfast and lunch. The urban area schools produced some of the lowest SAT scores in the country.

Many who follow the nation's politics have heard mention of Republican Presidential Candidate Bob Dole's vice-presidential short-list of possible choices. NJ

New Jersey's chief occupations are dumb laws-and enforcing them. The application process for a gun is one and half to two years, and only shotguns may be fired within the state, and never in any residential area(which comprises just about the whole state). It is the only state remaining which prohibits by law the pumping of one's own gas. This highly technical act requires the skills of a certified gas-attendant. The states resident's are hurried, hassled, and because of overpopulation and congested roads and a paranoid attitude due to high crime rates, are generally self-serving, protective and non-friendly. It's not their fault though, they are a product of the environment they reside in.

Governor Christie Whitman's name is constantly bandied about the top of that list. Residents of NJ are praying and imploring Dole to make Whitman his choice-so NJ gets rid of her!

Whitman, the darling Liberal Republican feminist from the eastern establishment (she's a multi-millionaire, with a long money history in NJ) is fawned upon by the press. Actually, upon entering office, Whitman's approval ratings were at 72%. Two and a half years later they are at 48% and falling.

Across the Delaware river one enters Pennsylvania. PA wel-

Crime is rampant, but thousands of police cars each day, equipped with the latest, most expensive speed radar detection systems, lurk behind any obstacle they find in order to write evermore speeding tickets. Auto insurance is mandatory, and the highest in the nation, with an average cost of \$1,200.00 per person. Many, even with good driving records, pay double that

Jeff Gordon continued his torrid climb back to the top in the NASCAR Winston Cup point standings with consecutive wins and a second place finish. Terry Labonte also kept up his best year ever pace, winning the Goody's 400.

Gordon, after a disastrous start this season, has climbed from 42nd place to sixth with 3 wins, a second and third place finish in the last five races.

Dale Earnhart, the *intimidator*, climbed to 2nd place in the point standings, only one point behind still leader Dale Jarrett.

The Voter's Revenge

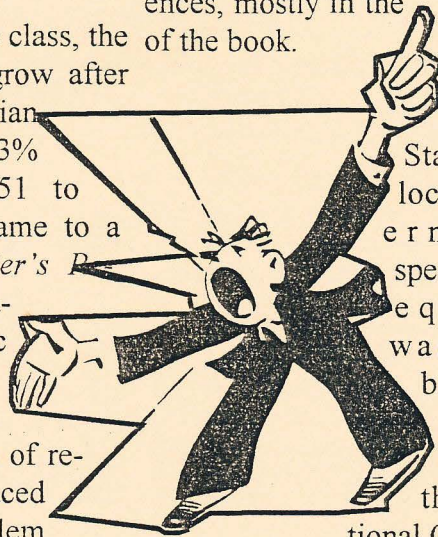

By: Herb Brooks

For the U.S. middle class, the economy failed to grow after the 1970s. The median family income grew 3% per year from 1951 to 1973, but then it came to a dead stop. *The Voter's Revenge* seeks the reason for this economic failure.

During five years of research, the author traced the economic problem to wasteful and "pork" spending by the Congress, motivated by campaign contributions, which act as bribes. The preface is a two-page summary of the book. The evidence is given in Appendixes D, E and C. and Appendix A is the narrative story of this discovery. It is summarized in Chapter 2.

Chapter 3 is about government giantism, and chapter 4 (Corruption School) is about Freshman Orientation, where Congress teaches new electees how to act like congressmen. The Index includes names of some well-known politicians.

The first part of the book was written for quick reading, with 5 drawings: but not the last half. This last two-thirds is the proof, and the pages are packed with new data which will ignite controversy. There are 6 graphs and 225 references, mostly in the last part of the book.

State and local government spending is equally wasteful, but the author tackled the national Congress first because it now commands and consumes most of the government money stream.

How can voters stop this waste? If they want to see economic growth resume, they need to ignore the propaganda of the political parties and vote against predatory bribe-takers in all elections. Lots of well-intentioned people aspire to office: we don't need looters (Chapter 5).

Chapter 6 predicts the results: By eliminating most of the waste, government can be made more efficient and re-

sponsive, and thus it can be more caring. This will elect a new kind of politician for a new kind of democracy, for the third millennium.

More Confidant's Deaths Surround Clinton

By: Marge Zimther

Ron Brown, Commerce Secretary, former Democratic National Committee Chairman, and Senior advisor to Bill Clinton's 1992 Presidential campaign, died in an airplane crash while visiting Bosnia.

The plane crashed mysteriously as it prepared for landing at a Croatian airport. Several weeks of inquiry have produced no credible explanation for the crash. The plane, and the airport, were the same ones used to ferry Hillary Clinton and her daughter to Bosnia a week earlier.

Militia's In America Today

By: Michael Devlin

Thomas Jefferson wrote, "*The strongest reason for the people to retain the right to keep and bear arms is, as a last resort, to protect themselves against the tyranny in government.*" Federally initiated events spanning the past five years especially, validate the intuition of Mr. Jefferson. From middle of the night KGB style BATF house break-ins, to extravagant 3rd amendment violations incorporating the Judicial and Military branches of government into combined assault teams on the Branch Davidians complex in Waco, to the murderous siege upon Randy Weavers Ruby Ridge homesite.

It is easy to understand why Jefferson, a direct product of a local citizen militia, enumerated his valued beliefs on citizen self-defense. Every natural born American should understand and accept that citizen militias were the first guarantor of freedom in the 1700's and remain so today. Benjamin Franklin said; "*They that can give up essential liberty to obtain a little temporary safety deserve neither liberty nor safety.*"

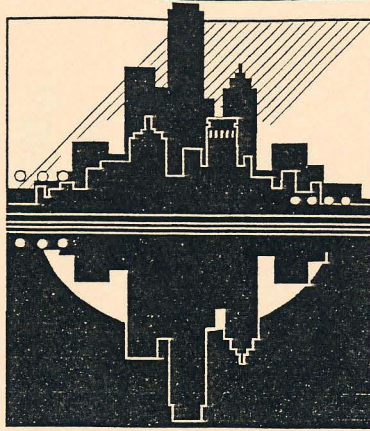

America's Militias are not an entity to be feared, despite the frantic denomination of such organizations by the establishment press and media. Most militias are not involved in some sinister plot to burn Washington and overthrow the government, but rather to *return* the power of government to it's rightful owners; We The People. Even Ross Perot echoed this sentiment during the 1992 establishment Presidential elections. This *theme* is also mirrored today by both Bob Dole and Bill Clinton. "Too much government," is the refrain voiced by both Democrats and Republicans, and are they not The Establishment?

The South Carolina Militia, under Colonel Ian RoeBuck, expresses this message pronouncedly in it's creed of existence by stating "*We do wish to overthrow the government of the United States, but do wish to overthrow the people running the government of the United states.*" This thesis is the basis for democracy, it's called elections. Overthrow of the individuals running government occurs during every local, state and national election cycle. We ask you then, what is seditious about that statement?

James Madison wrote; "*I believe there are more instances of the abridgment of the freedom of the people by gradual and silent encroachment of those in power than by violent and sudden usurpation's.*" The federal government today is obviously engaged in the abridgment of American's freedom on both fronts. Through silent legislation and armed military style attacks on legitimate dissenters.

The State Militias of 1996 are even now different than five years ago. After much 'testing of the waters,' militias are standing up and speaking out, a position Colony News has advocated for some time. They are beginning to realize secrecy can be their silent enemy. Only through

ing much of the good word, and work the militia is performing on the grassroots level. A mini-scandal has evolved around Tri-States Militia leader Colonel John Parsons also. Stories continue to circulate that the FBI has been *funding* Parsons Communications Office Center. The Tri-States Militia is the nearest entity close to actually *organizing* several state militias into a regional hierarchy. Should these rumors prove true, not just FBI misinformation, the effect would be a serious blow to future organization efforts of this nature.

These kind of behavioral problems has led to some infighting among varying organizations. J.J. Johnson, a leader in the Ohio Unorganized Militia stated his group would not "tolerate, endorse, or communicate with any so called Patriots, Militia organizations, or Militia members giving aid and comfort to any federal agency for any reason."

In any rapidly expanding organization, such as Militias today, there are bound to be some minor *growth problems* along the way. Just as any company experiences. Some *weeding-out* of past members as the movement becomes more sophisticated in it's methodology is natural. Undo cause for alarm is unwarranted, some steps backward are necessary for progression.

One theme expressed by all militias in conjunction is an absolute abhorrence to the illegal Federal Reserve System. Abraham Lincoln said; "*The privilege of creating and issuing money is not only the supreme prerogative of government, but is the government's greatest creative opportunity. By adoption of these principles, the taxpayers will be saved immense sums of interest.*" Section 8; of Article 1; of The Declaration of Independence states; *Congress shall have power to coin money, regulate the Value thereof, and of foreign Coin, and fix the Standard of Weights and Measures.*" The militia's insistence on a return to an America *coined*, or printed currency, abolishment of the Federal Reserve and the IRS are Patriotic values agreed upon by the populace in general. This principle is also what frightens New World Order bankers the most. The possibility of the American people ever re-establishing this valued Article are remote however, as the combined power of international bankers, governments and World Orderist control too much influence for a mere nation's people to overcome.

Only when Militias become viable public institutions, molding and shaping the American agenda, will Constitutional change occur. When the '*Alternative Press*' is read, listened to and nationally quoted, will Americans of all persuasions become focused on the real concerns facing the nation.

The *establishment press* continues to portray Patriotic groups, including Militias, as un-American, anti-Semitic, raciest and extreme organizations. While no doubt there are Patriots who fill this mold, as in many liberal groups, by and large the vast majority of Militia membership is comprised of decent, hard-working American Patriots. The South Carolina Militia, on it's Web-Page, advertises membership includes *all* Americans, black, white, male, female, Christians, Jews and Asians. That is not a raciest policy. The Michigan Militia, according to State Commander Van Huizen, includes two Jewish members on it's roster. That is not an anti-Semitic policy.

The *establishment press*'s portrayal of Militias as extremist bigots is based on their own brand of extreme bigotry! *Freedom* of press only pertains to those members of the *establishment press*, all other viewpoints are discounted as *radical* or *extreme*.

Colony News encourages the enrollment of all Americans into their local Militia, for only then will the power of government truly return to We The People

THE DECLARATION OF INDEPENDENCE

(Words *Italicized* pertain to issues of America today)

When in the Course of human events, it becomes necessary for one people to dissolve the political bonds which have connected them with another, and to assume among the Powers on earth, the separate and equal station to which the Laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation. We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty, and the pursuit of Happiness.

That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed.

Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes, and accordingly all experience hath shown, that mankind is more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpation's, pursuing invariably the same object, evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security.

Such has been the patient sufferance of these Colonies; and such is now the necessity which constrains them to alter their former Systems of Government. *The history of the present King of Great Britain is a history of repeated injuries and usurpation's, all having in direct object the establishment of an absolute Tyranny over these States.* To prove this, let Facts be submitted to a candid world.

COLONY NEWS READER RESPONSE MAY

Dees And The Traitor

Submitted by Luther Williams of Chapel Hill NC

In February 1994 the Montgomery Advertiser published a series of articles exposing the assorted financial and legal skullduggery's of Morris Seligman Des, Director of the Southern Poverty Law Center. One section dealt with the 1990 Portland, OR lawsuit which Dees won against Tom and John Metzger of WAR over the allegation they were liable for the death of an Ethiopian named Mulageta Seraw.

The Metzgers lost the suit and were assessed civil damages of \$12.5 million dollars. The Advertiser asserts the Metzgers became essentially financial slaves of Morris Dees.

The Montgomery Advertiser reveals that as part of his efforts to collect the judgment, Morris Dees has seized control of the WAR post office box in Fallbrook, CA. A legally appointed agent of the Southern Poverty Law Center, San Diego attorney James McElroy, collects the mail from the box, open and examines it, extracts 50% of the funds sent to Metzger by via donations and book orders. The remaining money is then placed in a trust fund for the Ethiopian who was involved in the Dees lawsuit. The remaining money is then passed on to the Metzgers.

McElroy also may be assumed to read and copy the mail sent to WAR and pass it along to Morris Dees. The Southern Poverty Law Center, under the direction of Morris Dees possesses the most extensive research file directory system on Christian, racial and Patriotic organizations, including Militias, in America today. It can be assumed anyone having had contact with the Metzgers is listed and contained in the Dees files.

Ed Note: Sources from several Patriotic and Christian organization have expressed alarm to Colony News concerning Mr. Dees' actions. No organization, including the government should be permitted to amass a database on individuals or groups they consider abject to their agendas. Read Editorial on Patriots in this edition.

Various Irritants Lead Reader To Scratch Itch

Submitted to Colony News by Gary Stone, Nelsonville, Wisc

To the editor: We have Michael New, an Army medic, court-martialed for refusing to wear the U.N. uniform. Then how come President Clinton, and his appointees, and Janet Reno, and every senator and congress person in office also are not wearing U.N. uniforms? After all, is it

(Continued on page 31)

(Continued from page 30)

they who now serve this one world government instead of the United States. And Mr. Clinton refused to wear an American uniform during Vietnam. Just as bad, these politicians have stolen billions for the international monetary fund to pay off loans for countries like Mexico. \$50 billion last year alone. And they have stolen trillions for Israel while they cut medical care for Americans and let imports take our jobs here. Besides allowing private banksters illegally control dollars they print up and lend us for interest. Michael New is a hero in my book and I am a veteran.

As with O.J. Simpson, the police again refused to arrest or help victims of the Dupont rich heir. But the police, BATF and FBI agents attacked and killed Randy Weavers wife and son in Idaho because he sold an illegal gun.

Here Dupont was riding around scaring neighbors in a tank and had machine guns and weapons that were illegal. But the police partied at Dupont's home and were in his pocket.

If you got a lot of money, just ignore the laws because they are enforced only against us simple folks. Mr. Dupont had beaten and threatened his wife and attacked many people, then he shot to death Mr. Schultz, and like Simpson, I bet he also gets off with no jail time.

Ed Note: Mr. Stone is damm right about having an itch to scratch., and there are plenty more where they came from.

It Only Gets Worse Tim!

Submitted to Colony News by David Lane

I am writing this post-script to my open letter to you in order to further clarify both the details of what you will face in the federal courtroom and what must be shown the jury if you are to have a chance.

For example, they will ask you about the children who died in Oklahoma City and seldom focus on those who burned alive at Waco. I would in response say, "Perhaps the only reason the Federals were not dancing about giving high five's and cheering for the *real Oklahoma barbecue* as they did in Waco, is because this time they did not want to take credit for their own work."

So, how do you go about exposing the immoral and murderous mentality of the federal oppressors? Railroad Richard, a.k.a. Hangin' Judge Matsch, will oppose you every step of the way. For example, if you wished to call a hundred witnesses to establish a pattern of federal criminality, these are the exact words you will hear from Railroad Richard: "It is you who is on trial, Mr. McVeigh, not the government."

(Continued on page 32)

Strange, since it was likely BATF agents who blew up the building. At least that's

I would point out some of the many atrocities of the Federals in collusion with the media. How they lied about the Branch Davidians, claiming child abuse, drug dealing and illegal weapons, even after the State of Texas had investigated and found the claims baseless.

Then there were 51 days of mental torture as the Federals broadcast the sound of animals being slaughtered into the church grounds filled with terrified women and children. And finally, as men, women and children were burned alive, the Federals danced about giving each other high-five's and cheerleading for the real *Texas barbeque*.

At Ruby Ridge federal assassins set out to murder a white family because they were white and wished to live among and preserve their own kind. But that was not E Pluribus Unum, so they had to die. They shot a boy in the back and killed him. They blew off a woman's head as she held her baby. They sniped and injured two others. They knew the mother was dead. Then for nine days they broadcast taunts into the terrified survivors, including little children. What manner of inhuman, murdering, torturing things and devils do such things?

Timothy, I wish you the very best. But you are dealing with pure, malignant evil, in religious terms, devils incarnate. It appears you are their designated patsy and will be used to deflect attention from their own crimes.

A Federal is not fit to suck the sweat from your dirty socks. Give them no satisfaction. I am sure that with the strength gained from the certainty of moral rectitude you will bring honor to a thousand generations of your ancestors. I remain yours for the 14-88.

Ed Note: Just re-reading the accounts of Waco and Ruby Ridge bring tears to my heart and makes my blood boil. This text is only an excerpt form the original document. Space considerations do not allow us to print the entire content. For full content send \$2 and SASE to HC01, Box 268K, St. Maries, ID 83861. We thank Katja Lane for making this letter available to Colony Press.

The Mystery San Antonio Man Strikes Again

Mystery Man San Antonio HAS been reading Colony News. As readers may be aware of, the mystery man submits material for the Reader Response Pages every month-but-never reveals his name. The material he submits to Colony News is usually a collection of various subjects. Since its usually several documents, we edit and publish the information we feel our readers would have interest in.

This time we caught him excerpting Colony's April special report on "1996-America's Last Election." Mr. San Antonio included the following small article on one page of his articles:

(Continued from page 32)

There will not be a Presidential Election in the United States in the year 2000; our form of government will have been changed before then. Bill Clinton will win re-election in November, 1996. The controlled media will see to it. A win by Bob Dole would not alter the 'agenda,' the Zionist thrust, but would slow things down a bit as he would be forced to make some superficial changes. The 'Grand Charade' would continue. Yes, we are a satellite-a Colony-of the Nation of Israel.

Ed Note: Mr. San Antonio's article smells an awful lot like Colony's "Last Election Report." We even think he was 'tweaking' us a bit with the usage of the work 'Colony' to describe the U.S. as a satellite. Congratulations Mr. San Antonio. While we don't know your identity-we do know your a very wise reader.

Disneyland For Dummies

Mr. San Antonio also submitted this article on Culture Distortion:

Antonio Gramsci, the founder of the Italian Communist Party, concluded in the 1930's that the fastest way to bring down a targeted nation was to destabilize it by debauching the Culture, Morals, Religious Institutions, and to gain control of those areas of society where thought, ideology, patriotism and morality can be molded. That is, the entertainment field, music, the arts, the educational system etc. As we know, the Zionists have achieved this. We are now living in a Disneyland for Dummies.

Anonymous Quotes

An Anonymous Colony News reader submitted some interesting famous quotes to ponder: "It may be true that you can't fool all the people all the time, " but you can fool enough of them to rule a large country. Will Durant

"Every actual state is corrupt. Good men must not obey the laws too well. Ralph Waldo Emerson I can't give you brains, but I can give you a diploma. The Wizard of Oz People never believe in Volcanoes until the Lave actually overtakes them. George Santayana

We should not forget that our tradition is one of protest and revolt and it is stultifying to celebrate the rebels of the past – while we silence the rebels of the present. Henry Steele Commager

From The Dungeon

Ed Note: The following letter, whose author wishes to remain unknown for obvious reasons, has been submitted to Colony News. We must warn our readers, it is a stark and graphic letter. However, Colony News' Reader Response Page policy is to absolutely allow all viewpoints on all topics except those of a sexual content. We do not consider the graphic references included in this letter to be of a sexual nature, rather a personal stark assessment of life inside the 'dungeons.' We will defend the right of 'Free Press' at all times.

(Continued on page 34)

(Continued from page 33)

I am writing you to let you know what is going on in the dungeon here and warn you it is not pleasant. The administration is allowing black inmates to rape young white inmates with almost no penalty to the black inmates.

The reason for them allowing this is that they say it helps keep the gangs content and prevents them from harming the guards. It is appalling. After the gangs rape a young white guy, they bring one of their members who has HIV to the room and have him rape the boy as well.

The gangs have been beating young white guys and forcing them to pay \$5 a week rent for living in their room. The gang takes all of the property from the young guys and make them into slaves, but the administration will do nothing about it. Some of the guards are appalled at what is happening but have their hands tied as to what to do.

The D.O.C. has been adding extra fences inside the institution here and a high ranking official has told me that the D.O.C. is adding these fences in all the prisons. They are to be used to keep inmates in tents. This facility is supposed to hold 860 inmates but they have almost 2,000 and with the extra fences they claim they could add an extra 1,000-2,000. But who are they going to put in there?

They are bringing young white inmates into the prison system which is over 70% black and they put them on a gallery where there are 100 blacks and only 10 whites. They don't have a chance. I have challenged the administration on this point several times and was told to mind my business or else, but since the latest incidents I cannot stand around and do nothing.

I may get into heat for sending this letter to you and for writing the state Representative, but something must be done. If, or rather when, they try to silence me on this matter I will let you know., but for now this matter must come to the attention of someone on the outside.

Need More Money?

Who doesn't nowadays?

If you would like to dramatically increase your income in the next 30 days, then please read the following special announcement. It will show you a brand new way to...

...establish a permanent source of additional income for yourself and family... starting right away. This remarkable method has been praised for providing the average person with a safe, reliable income that will continue to grow despite the economic conditions.

This is the most realistic opportunity for anyone, regardless of age, background, or financial situation, to achieve a better lifestyle starting immediately. Please don't confuse this with those other "multi-level" marketing plans, "no money down" real estate programs, or anything else you've heard about.

This is a completely new concept that was created for these "tough times" and it has been a Godsend for many families looking to secure a permanent income. Whether you are looking to earn a few thousand dollars extra a month or a serious six figure income, this program will provide everything you need to prosper in the coming months.

Tired of the Rat Race?

I don't know about you, but most of us are sick of the 9 to 5 grind, the traffic, the pressure, the endless amount of bills, the lack of leisure time, and the overall lack of control over our future. There is no such thing as job security anymore and even with a job... is this the kind of lifestyle we want: long hours, short pay, and a couple of weeks vacation a year?

The concept of working long and hard for most of your life so you can enjoy the "golden years" has not only fallen apart in today's society, but it has proven to be a fatal mistake. Government statistics show that only 2% of Americans who reach retirement are solvent. These odds are terrible! In fact, of the people who are currently working, only 1% of us are earning over \$85,000 a year and the statistics are getting worse daily! Changing our financial future is not just a matter of preference anymore... it is an absolute necessity! But how are we supposed to beat these odds?

Here is the Solution

The answer to this dilemma is surprisingly simple. A study of some of the wealthiest people in America showed that they came from all walks of life, with no special skills or talents. Their success has little to do with their experience or environment, but rather their knowledge

of a solid opportunity which they acted upon. The problem today is that most people are too busy earning a living to find the tremendous opportunities that exist for financial freedom.

For this reason, an extensive research program was started 6 years ago to discover the best methods for the average person to achieve financial success. After several years and thousands of dollars, a new concept was developed that would give the average person a real opportunity to achieve a tremendous lifestyle... in a very short period of time. Now you have the opportunity to create a...

A Permanent Income...

...that will secure your financial future! This has never been done before and it is now attracting some serious attention. There is not enough space here to fully explain everything, so the method has been written up in a concise, easy to understand guide that you can use to increase your income immediately!

You now have a tool that you can use to create a substantial income that will continue to grow even when you are not working or on vacation. This is a revolutionary new way to create a permanent income and build security for yourself and family. You don't have to work harder... just smarter!

So What's the Catch?

If you are like most people, you are probably skeptical at this point and that is perfectly normal... so let me put your mind at ease right now. This is not a theory or untried idea. The principle used

in this system has been responsible for more personal fortunes over the past 80 years than any other and now it's finally available to the general public! It is now being praised as "the top method for creating a permanent income." You now have a rare opportunity to test one of the most exciting financial programs available and the best part is, you can...

Try it out Risk Free!

You can try this remarkable system for 90 days and if you are not convinced that it can provide the lifestyle you desire, then return it for a full refund... no questions asked! It's that simple. Either you make money or you pay nothing. Fair enough?

This Offer is Limited!

This offer will only be available for a limited time, so please take the time right now and fill out the coupon below. This could be one of the most important things you will ever do, so please consider this seriously. Just ask yourself what you would give to have more free time to relax with friends and family... to have all the money you need to finally enjoy the good things in life... to never have to worry about money ever again.

You owe it to yourself and family to at least take a look at this tremendous opportunity. You can review the program risk-free at your leisure... so fill out the coupon today! Don't miss this chance to finally enjoy the good life! You deserve it, so send in your request today and get ready to start "living."

Patriot Extremist of Days Gone By

The word Patriot in today's Government and Established Media dictionaries is described as a person guilty of practicing anti-government or terrorists acts. The word 'extremist' is utilized to now label any American citizen who holds disagreeing viewpoints with current government policy.

You see, all these men of bygone days were termed 'Extremist' by the then current British Government. The British press at that time also wrote extensively, not of American Patriots - but of American Extremist.

The words 'Patriot', and 'Extremist', have been linked together for over 200 years. This tells us at Colony News that Patriots, as a group or individual are to be feared by tyrannical governments. No matter what time period.

Labeling and name calling by repressive tyrannical governments will not endure. Check American history. Ask the deceased King of Great Britain. Ask gone-by Patriots Washington, Adams, Henry etc. Patriotism will prevail-Tyranny will perish.

As founder and Senior Editor of Colony News, I'm damm proud to be termed a Patriot. If the government wishes to label me 'extremist', that's all right too. The Seal Of The End Times

By
NILS HAMMAREN

319 pages
8 1/2" x 11"

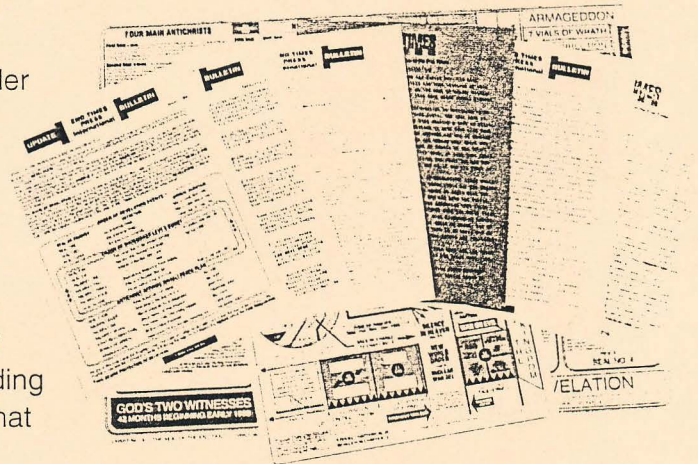

Why You Must Own This Book:

- The information contained in this book is unbiased, nondenominational and fulfills a Judeo/Christian search for the truth.
- All quotes are from the Scofield Study Bible, The King James Version.
- 50 years of research went into this book coupled with **ACTUAL CONTACT WITH THE HOLY SPIRIT** who broke the **SEAL** concealing the long hidden truths of the ancient **PROPHETS**.
- The author, because of his association with the **HOLY SPIRIT**, has been the witness of many miracles, including instant healing and now a medicine **FROM GOD**.
- The secret of the **SHABUAS** (God's clock) is graphically shown.
- The book includes 4 full color Prophecy Charts which help the reader to a complete understanding of God's timetable.
- Backup references to rare information are given wherever possible.
- Many false concepts are dispelled such as the erroneous belief that no one can know the time of Christ's return.

WARNING: This book was not written to put you to sleep with false promises, deliver you by deception nor to continue with the errors of the established church. You will learn instead of the staggering Satanic plot against Humanity and what you can do about it and ultimately, what **GOD** intends to do about it. It will become clear to you that the **NEW WORLD ORDER** stands directly in the path of **GOD'S KINGDOM**.

ALSO INCLUDED WITH THE BOOK:

This book was published in February-1992 and at that time included only the 16 page full color booklet. Information continued to come from the **HOLY SPIRIT**, shedding light on subjects which were only touched upon such as the Prophecy Gap in the original printing. It was decided that **UPDATES** would be written to keep the reader apace of events such as signs from **GOD** and more current happenings. This has resulted in the **UPDATES** you see on the right. All of these are included with your book along with a 17" x 22" full color chart which not only outlines the activity of the Four Horsemen but also shows how **GOD** is using Shabuas to mark time. We are presently waiting for the last Prophecy Shabua to begin. A future **UPDATE** may be issued regarding the approximate date when Russia will invade Israel. At that time, a major Nuclear War is possible.
